The Teachers and First Responders Back to Work Act will save or create nearly 400,000 education jobs through critical investments in the education of our nation's children. Specifically, The Teachers and First Responders Back to Work Act will invest \$30 billion to support state and local efforts to retain, rehire, and hire early childhood, elementary, and secondary educators. The Teachers and First Responders Back to Work Act will provide Montana with an additional \$90.1 million in funds that will support 1,400 education jobs, provide a jolt to the state economy, and improve the quality of education. By asking millionaires to pay their fair share, The Teachers and First Responders Back to Work Act will grow the Montana economy without adding a dime to the deficit.
